 **LOADING**

SHIPMENT

MAIN HUBS

Modern warehouses with advanced equipment :
rack systems • loading dock / ramp • forklifts • cranes

IMPORTANT CRITERIA ARE :

- Easiness and speed of loading
- Compact / volume
- Adapted packing / pallets to racks and ctn
- Easiness of identification

Is done on an individual level or group level (camps) strong packing and easy carrying for beneficiaries is important at this level.

SHIPMENT

REGIONAL HUBS

Warehouses often limited in space and equipment which requires different handling and storage.

IMPORTANT CRITERIA ARE :

- Easiness of loading
- Compact / volume
- Adapted packing / pallets for individual stackability (cage pallets)

DISTRIBUTION

DISTRIBUTION TO SITES / CAMPS

SITE

LOCAL WAREHOUSE

Very limited availability of space and equipment. Often these warehouses are kind of storage tents and loadings are done on small carriers, sometimes even by hand.

IMPORTANT CRITERIA ARE :

- Strong and durable packing
- Adapted for manual handling

LOCAL TRANSPORT
